*Confidential Internal Investigation Acknowledgement*

---

ACSO Directive 353.IV.A.12., states in part:

Communication or Imparting Confidential Information - ACSO personnel will not communicate or impart confidential law enforcement information, either in writing or verbally, to unauthorized persons. This includes information obtained during the course of employment and to other agencies, over any communication network and to the public. (PCAP 6.1.4M) Personnel will not disclose any information regarding administrative investigations or disciplinary actions until such action becomes public record.

I have read and understand the above.

## GARRITY WARNING

---

The purpose of this interview is to solicit responses that will assist in determining whether disciplinary action is warranted, and the answers furnished may be used in disciplinary proceedings that could result in administrative action against you, including dismissal.

All questions relating to the performance of official duties must be answered fully and truthfully, and disciplinary action, including dismissal, may be undertaken if you refuse to answer fully and truthfully.

No answer given, nor any information gained by reason of such statements, may, as a matter of constitutional law, be admissible against you in any criminal proceeding filed as a result of the actions we are investigating today. **However, should you engage in lying, untruthfulness, misstatement, or should you fail to respond to, or omit responding to, any question asked you, fully and truthfully, you can be prosecuted for perjury, giving false statements, or obstruction of justice.**

I have read and understand the above.
