April 13, 2007

Dear Sheriff Darnell,

I cannot look at the "autographed celebrity photo" (Haverhill Sun, April 13) of Jake LaMotta given to me by my son-in-law, Robert Chapman, without having a stab feeling in my heart. Thinking that this was used as one of the reasons to attach his good name and credibility in our community warrants its removal from my home.

He thought to give this to me because I am a life-long fan of boxing and considered boxing as a professional prior to World War II. Instead I entered the Navy and became a career CPO.

(For the record, ^{Bob} had the picture framed.)

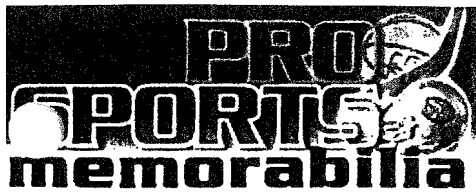

Bob Chapman has been an important part of my family for 30 years and I swear by his integrity. He is a great husband, father, son-in-law and law enforcement officer.

Sincerely,

Armand Cirulli
