Dear Mr. Holliman:

Thank you for your correspondence of December 15. I will consider the matter closed and under control by Prison Health Services. We continue to have regular monthly meetings with your staff, my staff and our Contract Monitor, Mr. Philip Hoelscher. While I don't want either of us to take each other for granted, I am extremely pleased with the relationship we have and; more importantly at this juncture, with Medical Director Dr. Joseph Monastero, Health Services Administrator Carl Dell and Director of Nursing James Durant.

When I see our progress moving forward daily, I am encouraged. The very best of the holidays to you and yours and, as an aside, thank you very much for your generous gift of dinner to Bureau Chief Cheryl Stinson and me at the Jail Administrators Conference last week.

Sincerely,

SADIE DARNELL, SHERIFF
